Company Profile

Quartect was established in Hong Kong in 1978. It is a planning, architectural, M&E and interior design office. It offers quality professional services to clients from Hong Kong, USA, Europe, China and other Asian countries for their developments in Hong Kong and China. It provides design services for industrial, residential, commercial, office, institutional and resort/hotel developments.

The firm specializes in design, facility engineering and project management of manufacturing facilities for food, beverage, pharmaceuticals, chemicals, inks/paints/coatings, electronics, printed circuit boards, surface mount technologies, mechanics, logistics, etc. QNP has extensive knowledge of FDA, GMP, LEED, Factory Mutual requirements, etc.

Q & P Architect Design & Management was established in Suzhou, China in 2006 to provide engineering, project management and construction management services.
