LEED AP and Green Associate V4 Exam Preparation Training

Convened by L GEES Limited
NO. 5,6,7,8 2014

2014. November 16, 18, 19, 20, 21, 22 Hong Kong

Co-organizers:

Supporting Organizations:

LEED Professional Exam Preparation Training

Objectives:

Grasp the core concepts adopted by LEED V4 rating systems including integrative process, systems thinking, life cycle analysis, triple bottom line, etc.

Understand the LEED rating system structure including the 21 different sector adaptations

Be capable to manage the certification and submission process for LEED projects from registration, submittal, CIR to appeal

Understand the basic documentation requirements for a LEED project

Be prepared for Green Associate and AP specialty exam

Audience:

This course is ideal for architect, project manager, green building consultant, developer, sustainability coordinator, landscape architect, technical manager, energy engineer, MEP consultant, facility managers, or anyone interested in understanding green building principle, especially sustainable design, construction, management, purchasing, and plan to achieve a LEED professional credential.

After this training, you will get:

1000 mock exam questions (for LEED AP BD+C, ID+C, O+M course students)

500 mock exam questions (for LEED Green Associate course students)

One month follow up for your exam review

Three work books developed by USGBC Intelligent Properties, authorized by USGBC to USGBC Education Partners only

Educator:

Ms. Lili Pan

Founder, MD
@ L GEES Limited
LEED AP BD+C,
LEED AP O+M,
LEED AP ID+C
Certified Energy
Manager

USGBC Emerging Professional
LEED International Round Table Member

Ms. Lili Pan has been working on LEED projects since 2008, the year she obtained LEED AP credential with high mark (190+). She has provided LEED consultancy services to many landmark projects in East Asia and practiced 'life cycle energy performance quality assurance' in those projects through energy modeling, building commissioning/retro commissioning and measurement & verification.

In 2013, together with GEES Tech., Lili established L GEES, which later becomes the first and so far the only USGBC Education Partner in Greater China.

Mr. Alain Tang

VP, @ The GEES Group
Fellow of HKIE
Chartered Engineer
MIET, MCIBSE
Certified Carbon Auditor
Certified Energy Manager
Register Energy Assessor

Mr. Alain has been working in Facilities Management in corporate headquarter buildings, hospitality complexes, oil and gas facilities and public utilities undertaking more than thirty years. He has a wide range of professional knowledge in construction, project management, operation and maintenance across different commercial environments. In addition to his wealth experiences in Facility Management, Alain has been working in energy improvement projects across different facilities and successfully implemented several major retrofitting for building energy consumption systems to achieve substantial energy conservation.

Ms. Julie Wong

Assistant Environmental
Affairs, Swire Properties
LEED AP BD+C, MBA
Certified Carbon Auditor
Founding member and
committee member of
Platinum

With years of experience in the sustainability and environmental field, Julie has provided consultancy on environmental and green building assessment including LEED and BEAM for various project types ranging from local to international, private to governmental projects including hospital, schools, hotel, airport and prestigious name-brand retail chain. As a certified carbon auditor, Julie is also experienced in carbon audit, Life Cycle Assessment and Costing (LCA and LCC). With her current position with Swire Properties, she is responsible in sustainability strategy development, communications and reporting, supply chain sustainability and community engagement.
