HONG KONG

THE HONG KONG INSTITUTE OF ARCHITECTS - CPD SESSION

ArchSD's Carbon Neutrality Strategic Framework

NARN FROM NATURE

Hong Kong experienced the hottest Mid-Autumn Festival since records began in 1884 with temperatures hitting 35.7 degrees Celsius.

CARBON NEUTRALITY ROADMAP

Reduce Total Carbon emissions by 50% From the 2005 level

By 2050 Achieve carbon neutrality

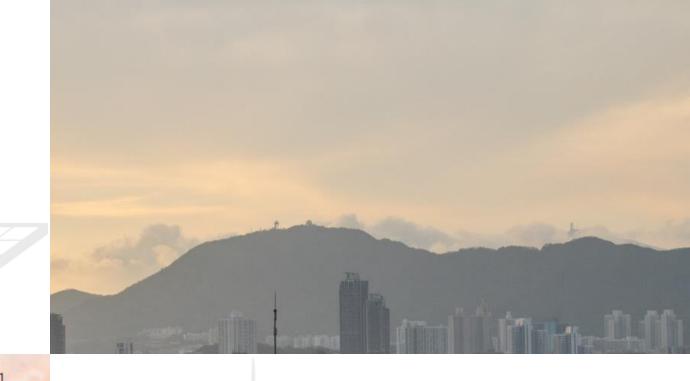

NET-ZERO ELECTRICITY GENERATION
