¹ From 1 February 2020, CAA revised the list of qualifications recommended for recognition to include architectural programmes validated directly by CAA validation panel only, while those architectural programmes recognised by national validation procedures (i.e. United Kingdom, New Zealand and Australia) have been removed from the list (updated CAA list at <https://commonwealtharchitects.org/>).

Since HKIA/ARB have no mutual recognition arrangement for academic credentials with the UK authority, the programmes offered by the universities in UK are no longer on the list recognised by HKIA/ARB. There will be transitional arrangement for accepting UK architectural education qualifications for taking HKIA/ARB Professional Assessment for a period of four years.
