12TH Edition

**TRANSFORMING TOMORROW'S
BUILT ENVIRONMENT
SINGAPORE EXPO**

[FIND OUT MORE](#)

Are you encountering issues such as shortage of skilled labour, inefficient data collection processes or stagnant productivity levels? If so, then this edition is not to be missed!

Themed 'Transforming Tomorrow's Built Environment' in its 12th edition, BTA 2023 is back with a renewed purpose - to bridge you to the right solution provider to end any form of inefficient processes in your building life-cycle.

And as the pioneer event in the Built Environment sector, BTA 2023 will meet your company's needs via these exciting activities and programmes:

Product Demonstration
An interactive space specially curated for you to experience latest robotics & automation equipment and machinery

BTA Conferences
Close your knowledge gap in our main conference, workshops and focus group discussions, addressing challenges and discovering solutions for your transformation journey

Business Matching
Facilitated business meetings based on targeted profiles - definitely suitable for you!

Built Environment Transformation Forum (28 March 2023)
