

# ISU Workshop: Cultural Precinct, Central

What are the key ingredients to create a walkable Cultural Precinct with rich heritage in Central? Participants will focus on the Smart Cultural Precinct (SCP) with the Cultural Triangle with the three historic landmarks PMQ, Tai Kwun and Central Market at its core. The aim is to explore the feasibility of digitally connecting the precinct with the SCP APP and to discuss the potential of developing an SCP Community and Business Improvement District. By engaging local community and key stakeholders to enhance the integration of cultural heritage and diverse businesses within the Cultural Precinct and make it more pedestrian friendly, walkable and accessible. Come join us for an interesting Workshop to help make the SCP vision a reality soon.
