

Granting More Time for Better Quality

Application deadline extended to **29 May 2020**

We have great news for you! As there are many keen applicants, we are pleased to announce the application deadline extended to **29 May 2020** for greater flexibility in facilitating your submission.

Combining the effort of HKIS' six surveying divisions, we are excited to introduce our Best Development and Conservation Award 2020 (BDCA). This Award gives credits to surveyors and built environment experts in the project construction cycle from a more comprehensive and professional perspective. If your project involves a conservation, sustainable or development element, we strongly recommend you to submit an application.
