## Candidate's personal statement:

My personal statement is simple but strong,

### Let our Architects Shine!

I joined HKIA since 2010. In my recent involvement with HKIA I find that there is so much we can do for our profession to better our prospect and enhance our profile in the society, giving that we are facing a fast changing society with a lot of uncertainty in the city.

My works in last two years involved a number of mainland affairs. Besides, I have conducted a number of cultural exchange functions, engaged in arranging CPDs, young member sharing workshop, writing articles in newspaper column and participated the organizing of design exhibition with collaboration with other organization etc.

I have a warm heart to continue serving the Institute as an ordinary council member. If elected, I will work humbly with a down-to-earth attitude to better serve HKIA members, making our big family be more united, more caring and more smart.

My five key visions are:

1. **Listen to members** -  
Enhance cohesion among HKIA members through an open attitude
2. **Care for young** -  
Create opportunities for them at different levels and groups including government or statutory body so that their voices can be heard
3. **Exchange for excellence** -  
Promote architectural and cultural exchange at different areas including overseas and mainland to widen our exposure and embrace opportunities
4. **Fight for works** -  
Strike for a sustainable project schedule with wider service spectrum for the healthy development in our professionals
5. **Lead to shine** -  
Enhance leadership in the building industry through showcasing our non-replaceable and comprehensive professional skill in the industry

Please vote for me and let's **TEAM UP!**
