### Other community works

- 2018-2020 The Catholic Diocesan of HK Diocesan, Building & Development Commission - Selection Committee & Works Committee
- 2019-2021 The Hong Kong Air Cadet Corps – Member of the Executive Board

## **Candidate's personal statement:**

I joined Hong Kong Institute of Architects (HKIA) in 1987, and served as fellow member since 2015. I am currently the Executive Director of Wong Tung & Partners Limited.

### My Message

**Unity is power.** I have been working closely with a dedicated team of Office Bearers and Council candidates running for the Council Election of HKIA (2021-2022), bringing new energy to run as the President candidate with my team comprising a broad spectrum of practitioners from various background. With a united front, HKIA can run faster and longer to achieve more mileage.

**Architects are the leaders.** Team UP commits to promote **Unity** among members through striking for **Progress** on promoting HKIA's reputation in local/overseas building industries, upholding architects' leading role and professionalism, and turning challenges arising from new construction technologies, regulatory rules and client's requirements into opportunities. Let's all join hands to build a better tomorrow !

### My Vision

**Architecture is for People.** We need to engage with people, to go to our community, to make best use of our expertise in order to create positive social changes and come out with livable and sustainable living environment.

**Architect knows architecture best. I never stop believing in architecture.** I would nurture our next generations to bear the same belief as mine. Throughout my more than 30 years of practice in Australia, HK and China, and both in private and public sectors, I gathered a basket of valuable experiences to share with young members. With the rapid and dynamic development of society, HKIA needs to discourage fee diving in order to support a healthy growth of our profession, and to provide members with diversified professional training and equip members to cope with ever-changing challenges.

**To Our Members – Fair Reward to Nurture Architects & Bigger Market**

- Pursue with government to impose effective measures to discourage fee diving, release more small to medium-sized projects and establish a regular policy to support on-the-job training of young architects.
- Explore the business opportunities in Greater Bay Area and Belt and Road regions.
- Strengthen professional knowledge through intensive AP courses for pre-AP and after-AP members.

**To Young Architects and the Young at Heart – Young Architects first**

- Facilitate more career development sharing between senior members and young members to bridge the skills gap.
- Review the listing arrangement of Band 3 registered practice to support young and smart practices to be eligible for bidding small scale public works contract.
