2016 - 2021	Planning Sub-committee of Land and Development Advisory Committee
2011 - 2015	Construction Workers Registration Appeal Board Panel
2009 - 2013	Contractors Registration Committee Panel

CANDIDATE'S PERSONAL STATEMENT

In my 17 years of service in various practice-related areas of the HKIA, I have witnessed the declining situation of our industry sustainability that is taking place across the board. The situation must be averted to ensure the well-being of our fellow members and to bring back the respect for the profession. This requires working with my Council colleagues within the HKIA but outsider parties as well, such as other institutes, trade disciplines, media, and the various Authorities in the Government, partners and competitors alike, to face the challenges in the industry.

If elected, I intend to help strengthen the bond between different members within the HKIA, and the collaborative network with outsiders via the Board of Practices.
