- Interviewer, HKIA/ARB Professional Interview (Paper 9), 2020 - Present
- Member, Professional Assessment Vetting Panel, 2019-2020

# Candidate's Statement

---

## **CANDIDATE'S PERSONAL STATEMENT**

### **My Belief**

- Architecture is for the PEOPLE. We architects collectively can innovate Positive Social Change through going into the COMMUNITY.
- Design process should take into consideration the needs of the People, and embrace the up to date technology (e.g. BIM, GIS) and construction methods (e.g. MiC, DfMA, Robotics construction).
- Architect is at the best position to plan and make Hong Kong a sustainable, smart and livable city.
- Fairness, Openness and Justice are our core values.

### **My Mission**

- I commit to curate a better City and Society through going into the Community :
  - organize volunteering works for the less privileged groups;
  - organize a group of dedicated architects to conduct outreach programmes to help checking the health and hygiene conditions of Elderly Homes, Special Care Homes, Primary and Secondary Schools, and propose enhancement proposals;
  - hand over anti-epidemic packs to families living in sub-divided flats, and support packs to secondary students in Northern District.
  - curate various programme, such as call for donation of used computers to needy students to support home learning.
- To take lead in the process of 'design' and delivery of sustainable, smart and livable city :
  - Arrange resources from the Institute and Government to support professional Development & Upskilling
  - Promote knowledge sharing and engagement programme to and with the general public and different disciplines to build up the momentum.
- I commit to safeguard the HKIA as an open, fair and transparent platform for members to soar as an individual and as a profession collectively.

### **Special Project**

In the coming two years, to form a solid professional team to plan, curate and deliver the first **Hong Kong Architecture Festival** to promote HKIA, our profession and business opportunities for members of interest & expertise in different areas.
