Candidate's Statement

CANDIDATE'S PERSONAL STATEMENT

Dear Fellow Architects,

I am an enthusiastic member of HKIA since 2012, deeply committed to the architectural profession. Currently as the Director of Thomas Chow Architects, my experience has equipped me with valuable insights into our industry. Also as an architect of our younger generation, I am eager to contribute as an Ordinary Member of the Council, bringing a fresh perspective and dedication to our shared goals.

My commitment to our Institute is long-standing. I have been serving as Deputy Chairman in the Planning and Urban Design Committee for five consecutive years (2018-present), gaining valuable experience in managing local affairs and advocating for our members. This year, I am honoured to continue my service by becoming a member of the Board of Local Affairs. Additionally, I am grateful for the opportunity to serve as an Alternate Member of Harbourfront Commission during 2021-2023.

Last year, following the members' vote, my team's entry was selected as the winning scheme by HKIA and we managed to led the successful renovation project for the HKIA premises. This endeavor required close coordination with the Council, the office bearers and HKIA staff. The result is a space that not only fosters creativity, interaction, productivity, benefiting and connecting all our members but also marking a next chapter of HKIA.

This year, I take pride in my current role as the curator of the HKIA Roving Architecture Exhibition in KL-NJ-HK. By closely collaborating with the young architect exhibitors, we have provided them with a platform to showcase their talents on a global stage. It is my belief that nurturing the next generation of architects is crucial for the longevity and innovation of our field.

It has always been my aspiration to act as a bridge among diverse stakeholders. I believe that effective communication between the government, citizens, and fellow architects is essential for the growth of our profession. Through open dialogue and collaboration, we can elevate our impact and enhance our value in the society.

As a candidate for the post of Ordinary Member of the Council, I pledge to bring the same passion, dedication, and strategic thinking to the table. I am keen to take up this new role to continue serving our Institute and members, working together to shape the future of our profession.

Thank you for your consideration.

Sincerely,
CHEUNG Hoi Fo, Jacky
