## CANDIDATE'S PERSONAL STATEMENT

Architecture touches people physically, mentally and spiritually.

Architects hold an important and irreplaceable role in shaping of our city, we should emphasize on the importance of professionalism and wellbeing of the architects.

By introducing and promoting the excellence services of Hong Kong architects, we all can expand our horizon, export our expertise and services to the surrounding areas and regions.

# Candidate's Statement

---

By embracing the practices of different sizes, we can have an more open and sustainable ecosystem for all.

By engaging the community, we can promote role of an architect to the public and have our contribution on relevant current affairs.
