HKIA/ARB Professional Assessment: Validity of Passing Score

Council resolved in July 2005 regarding a new 5-year rule on passing the Professional Assessment. Details are in this direct link:

Council has, on 10 December 2005 made supplementary interpretation as follows:

1. The new 'five-year rule' will apply to all subjects passed within the preceding four-year period, regardless of the date when a particular candidate first registered for PA; and
2. Exemptions granted to a particular candidate when that candidate first registered for PA will continue to be valid until the candidate passes all required papers.
